Creativity starts for me since my childhood and is continuing every morning.  
And it is the result of meditation or contemplation of my day and night dreams  
of another spiritual dimensions.

My works has been called Esoteric, Philosophical, Mystical Realism, Mythological.  
And also it is the relationship between Humans, Flora, Fauna, the Ocean, the  
Atmosphere and Universe.

I paint mostly in oils on canvas from Miniature to Large scale paintings,  
the Synergy of the Monumental Image and Tiny details.

Using Ancient technique with many transparent layers of oil and pigments.

It takes months and sometimes years to consistently create high quality  
Original and Unique Art.

My Sculpture medium is silver /small scale/, wood, bounds and mixed.
